BELEVEILLE, WEDNESDAY, NOV. 1.

Mr. Geo. Moffat and his Successor.

It is now definitely settled that Mr. Geo. Moffat, retired from the Cabinet, ostensibly on account of ill-health. It is known that the hon. gentleman has not attended to the duties of his office for a year past. This has been his misfortune, which every one regrets. But why should this gentleman retire without being properly provided for, as were his colleagues? It is because his health prevents him from discharging it? Or is it because the Ronge election in becoming so weak in the country that neither his nor his party's power is any longer felt?

Since Mr. Mackenzie attained office, he has had occasion to succumb to the demands for office of a number of his colleagues, who preferred a quiet retreat into some office, where they could live upon the revenues rather than fight the political battles of their country. Mr. Geo. Moffat is the only patriot among the crowd of political ornaments who have around the Government crib waiting for some lucrative stall into which to stable themselves. If he is so situated in his office, when compared with the following patriots, whose instincts lead them to grasp at vacancies as soon as they occurred.

In less than three years of Grit rule we find that the following Ministers and Members of Parliament have sacrificed themselves:

E. V. Bedford, M.P., Sup. W. Canada, \$5,000.
A. A. Dutton, M.P., Quebec Bench, 5,000.
H. R. Cameron, M.P., Ontario Bench, 5,000.
F. P. Fenwick, M.P., Supreme Court, 5,000.
D. A. Macdonald, M.P., Lieut. Governor, 10,000.
Thos. Mee, M.P., Ontario Bench, 5,000.
David Laird, M.P., Ontario Bench, 5,000.
David Laird, M.P., Lieut. Governor, 5,000.
W. T. D'Almeida, M.P., Ontario Bench, 5,000.

The latter gentleman also receives \$5,000 per annum as Stipendiary Magistrate, making in all \$10,000 per year.

So much for the Grit-Grangers of the Dominion. Now let us look at the policy of the party in Ontario, and we find the same.

Geo. Perry, M.P., Oxford Shire, 5,000.
E. Rankin & Co., John Taylor, 5,000.
A. McKellar, M.P., Westworth Shire, 5,000.
Peter Low M.P., Watlington Shire, 5,000.

Thus have the patriots provided themselves. Mr. Geo. Moffat is not an exception? Believing that he will look out for himself, we turn to the consideration of his probable successor, who, if rumor speaks correctly, is to be none other than the redoubtable Laframboise, of Chambly Election and Peter Fink Laframboise candidate for re-election.

Mr. Laframboise has been a member of the re-election for Jacques Cartier, where he has been feeling his way, having addressed the electors after Mass last Sunday morning.

And with this probability staring the party in the face, the organs have begun their old game of endeavoring to whitewash him, by trying to break the force of the revelations which took place in the trial of Laframboise & McNaughton. So desperate has the case become that the organs have real reason to feel that they are not only true, but facts which are patent to every eye, in its endeavor to excuse him from the charges brought against him, and which were sustained in Court. Listen to the voice of the chamber, when it says:

"The charges against the member for Jacques Cartier have been fairly related, and were the offering of that political machine, which do not hesitate to sacrifice for its own advantage, if it can, the personal character of its members. They have been related, as they are, as far as the facts are concerned, and as far as the facts are concerned, they are true."

Were it not that attempts of a similar character as to defend the trial of Laframboise & McNaughton, we should have to say that the organs have been true, but facts which are patent to every eye, in its endeavor to excuse him from the charges brought against him, and which were sustained in Court. Rawdon Ploughing Match.

A very successful township ploughing match came off on the farm of Mr. John Johnson, Oct. 21, 22, 23, and 24. The match was held on Friday the 27th of October. The land selected was well fitted for the match, though a little too dry, spring to the waist of the ploughmen. There was a number of entries, and the opinion of first class judges who carried off prizes at the provincial match, was that the ploughing was not only creditable to the township, but of a character which would compare favorably with any done in the country.

There was a large number of spectators present, showing an increasing interest in this important department of agriculture. The ploughing match was held in Sidney, and the one in Rawdon, let us hope it may not be allowed again to lag. The ploughing in the County of Haldimand match next fall. The spirit evinced at the Rawdon match among the ploughmen that in future if the western men will not come East to compete with them, they will go West and try their luck, is the correct one, and if they do not succeed the first time, there is no reason why they should not the second.

The weather was delightful, and all passed off under the management of the committee. D. Wood, Esq., Secretary, amicably and in the best of spirit. Mr. Johnson added much to the comfort of the judges and others by furnishing them with a good substantial dinner at the close of the ploughing. The judges, Messrs. Wm. Wellburn, John Johnson, and Mr. Waddell, of Seymour, had made their return, at the request of the Committee, Mr. Bowell, Esq., M.P., made a few comments on the results of the ploughing, particularly to the boys who had entered the contest, and did such good work distributed the prizes; the full list of which is as follows:

"Presented to the First Prize Ploughman, Rawdon County Ploughing Match, October 27th, 1876, by Mr. Mackenzie Bowell, Esq., M.P."

On the reverse side is a Plough in relief, and the words "Wm. Geo. Brewery," the engraving of which is neatly done.

THE PREMIER ON TEMPERANCE.—The Premier was on Oct. 31st interviewed by the questioner of Montreal citizens on the question of prohibition. While expressing himself in favor of the movement, he explained that he was opposed to the Government testing in the courts the legality of the Dominion Act.

FUNERAL REVENUE.—The Bishop of Manchester has joined the Funeral Reformers. At the consecration of a burial ground at Auden about two weeks ago he strongly condemned "the vain, glorious and foolish pomp and pageantry" which was characteristic of both rich and poor on such occasions.

RUSSIAN FINANCES.—The financial affairs of Russia are in anything but a satisfactory condition, not in such a state as to justify that Power in entering upon a great war. The 18th, states that the Russian Empire in 1872, in which year it was £19,578,000, and in 1875, £27,121,000. The expenditure has greatly exceeded the income, however. In 1874 it was in excess £18,000,000 and two years later it had reached £25,000,000, the result of which is that the debt now amounts to £550,000,000. England is one of the principal creditors, to the amount of no less than £101,678,000.

DESTRUCTIVE GALE.—At the Islands of St. Martin, St. Bartholomew, and Anguilla, West Indies, much damage has been done by gales recently. At the former place several vessels were stranded; one schooner, the *Matthew Bell*, sunk at her moorings, the crew escaping on shore. Great damage is reported, especially in the French quarter, 215 houses having been destroyed in that place. At St. Bar's and Anguilla the destruction of property is also great and much distress is occasioned by the poor of these Islands. A correspondent at St. Bar's writes—Some 40 houses were blown down and destroyed, and 100 injured.

An unfortunate named Anthon tried to cut out the stone in the County Jail at Quebec on the 29th by using himself with a tool.

Let not sleep fall upon your eyes till you have read the charges against the members of the House of Commons. An eminent writer once said that the words were given to man with which to hide his thoughts, but in this instance the language of the Judges is too plain to be misunderstood; and the most obtuse cannot but learn from it, that Mr. Laframboise

BEHAVIOR, WEDNESDAY, NOV. 1.
Town and Vicinity.

THE CRUELTY.—There were but one prisoner and one tramp in the cells last night.

THUNDER STORM.—A heavy thunder storm accompanied by vivid lightning and heavy rain, passed over town this morning.

LECTURE.—Rev. John Burton will deliver a lecture in the Blocker Street Church on Thursday evening, Nov. 2nd. Subject, "Astronomy." Tickets only 15 cents each.

JUST RECEIVED this day at the Elephant Clothing Store, Front Street, a large lot of boys' and youths' ulsters. Boys' overcoats and children's jackets—something new. See them before they all are gone. Headquarters for clothing.

COURT OF REVISION.—The sitting of this court, which was set for to-morrow, has been, owing to the proclamation of the day as Thanksgiving day, postponed until the evening of Wednesday, 8th inst., at the same hour and place.

FOR NEWCASTLE.—A number of gentlemen will to-morrow accompany Overseer Wilkins on a visit to the Government fish breeding establishment at Newcastle. A very large number of salmon are to be seen there at present.

THANKSGIVING DAY.—To-morrow will be observed, by the request of the Lieutenant Governor, as a day of thanksgiving, for the bounties of the season. All good citizens will duly observe the day, and as is our custom, no paper will be issued from this office.

INTERNATIONAL RAILWAY GUIDE.—The November number of the International Railway and Steam Navigation Guide is promptly at hand. All information necessary to travellers is contained in this volume, which is assuming larger dimensions year by year. For sale on the trains and steamers.

TOM THUR.—This best known and most popular of the "little people," with his company will give an entertainment in the Metropolitan Hall on the evening of the 7th. The General, his wife and her sister are known all over the world, and no doubt they will attract a very large audience.

As usual Walsh & Co., Commercial House, are taking the lead in overcoats. They are now selling in overcoat for \$2.50 and a good coat for \$2.50. And are the wonder of the age. They also sell at present an unusually large and varied stock of winter clothing in all styles, shades and qualities at extraordinary low prices. 6t

FOOT.—A dense fog set in last evening, which up to the time of writing had not lifted. The steamer Tigra was enveloped in the fog, and after being driven up and down for an hour in getting to Point. The steamer had great difficulty in reaching Point from Naples. This morning the fog was less dense, and the steamers were able to make their trips.

VALUABLE.—The "fun" in which the "boys" indulged last night seems to have been in several localities of a most outrageous character. Fences were prostrated, trees were broken, out premises were pulled down, and other like proceedings took place. The police were active and vigilant, and had sundry hard cases about the offenders, but no captures were made. We trust that some of the offenders will yet be captured, and an example made of them which will put a stop to such vandalism for years to come.

PLUNDER SCHEMERS.—It will be remembered that some weeks ago the house of Mr. Edmund Haynes, Jameson Road, was entered by a thief, and a gold watch and chain, a silver watch and sundry other articles stolen. Search was made for the thief, but without success. The stolen valuables were given up as irrecoverably lost. A couple of days ago, however, very much to Mr. Haynes' astonishment and delight, the stolen articles were handed to him by Victor Gaudin, formerly a thief, who appears that the thief confessed the theft to the Rev. gentleman, who made him give up his plunder, which he then returned to its rightful owner.

CRUELTY IN ENGLAND.—Our readers will learn with pleasure that the assignment of cattle taken to England, by Mr. F. H. Lingham of this town, lately at a satisfactory price, and sold today at a satisfactory price. The London Times of October 27th says: "A Canadian consignment of remarkably fine animals, some 400 head, by Mr. Lingham, of Belleville, Ontario, has been quickly disposed of (as reported) about 64 per cent of the (stock) value; a fact which has caused some to say that a probability

of a steady continuance of this new trade. This is a very satisfactory news indeed, and the probability is that Mr. Lingham and his associates will engage heavily in this branch of trade, which has proved so encouraging so far.

CHURCH GOING.—A communication from Mr. John W. Johns on the Town finances has been received, but has been for insertion to-day. It will appear on Friday.

SHOULD BE ENCOURAGED.—A contemporary says: "Many exercises are healthy and should be encouraged. Recreation fits one and all for the work of life. A few hours' healthy recreation enables a man to return with renewed energy to his labor, if in the store or counting house. It expands the chest, strengthens the drooping shoulders and clears the brain. For the purpose of athletic sports to be successful, its votaries must lead temperate lives, and so our young men are led to lead better lives, and avoid the pursuit of night life, to engage or weaken, and so another link is added to the chain that pulls our men in a great race, for the eye and hand, who were consecutive bulls-eye in a rifle match cannot belong to a debauchee."

ALTIMATUM OF RUSSIA TO TURKEY.
A Change for the Better.
PRINCE MILAN DESIRES TO ABDICATE.

LODNON, Oct. 31.—It is stated on trustworthy authority that the Russian ultimatum has been accepted, and that a six weeks' armistice has been concluded between Serbia and Turkey. The prospect for peace depends on the spirit in which Serbia employs the opportunities thus afforded her.

The ambassador sent by the Czar to Lord Beaconsfield to apologize for the language used in the *Globe* about the Premier conveyed the Czar's cordial feeling towards him and his indignation at the publication of such articles in Russian papers.

LODNON, Oct. 31.—Cables have declined one-half per cent. There is a panic in the Berlin Stock Exchange in consequence of Russia's ultimatum to Turkey.
A despatch to Reuters Telegram Company from Constantinople says it is officially stated there that the Turkish troops have entered Alexandria on the evening of the 29th.

A Reuter telegram from Belgrade says the consternation caused by the news of the fall of Djinnia has been amplified by general anxiety and a strong reaction in favor of continuing the struggle. Minister Ristic, in conversation today, declared that Djinnia was not Serbia, and that the Government were determined to resist to the last, even though abandoned by all Europe. He attributed the fall of Djinnia to the reinforcement of 20 battalions and 15 heavy guns received by the Turks from Nis.

LODNON, Nov. 1.—The standard despatch from Belgrade says an order has been read in the streets throughout the day calling on all able bodied men to report themselves for immediate service.

The Turks look transportation, and can therefore advance but slowly.
A despatch to the *Daily Telegraph*, dated Constantinople, Tuesday evening, asserts that an armistice for two months has been signed.

A special from Poth to the same paper says it is stated that a Conference has been resolved upon, the members of which will be the ambassadors of the six Powers. Its sole object will be the pacification of the three insurgent provinces. Russia, however, renouncing the idea of their political autonomy, and being satisfied with their self-administration as defined by England.

THE TIMES, in its leading editorial, regards the situation as very favorable, and does not think it conceivable that the Porte will resist the Russian demands.

Various correspondents confirm the report that the Turks have entered Alexandria.
A special despatch to the *Daily News*, from Paris, says:—Gen. Tchernoff has had an interview with Prince Hohenlohe, and it is reported that the Prince has expressed a desire to abdicate.

Daily Intelligencer.

BELLEVILLE, FRIDAY, NOV. 10.

Town and Vicinity.

PERSONAL.—Mr. Henry Horsey, City Engineer, Ottawa, is in town.

GRAIN MARKET.—Prices of barley today ranged from 60c to 68c. Receipts were light.

NEW BANK AGENT.—It is expected that an additional bank agent will shortly be opened in Trenton.

MUDY.—Front Street is a sea of mud, into which the crossings intrude like so many low promontories.

FISHING.—The close season for white fish expires with to-day, and fishermen will recommence capturing these really beautiful fish.

ANOTHER lot of Overcoats and suits received to-day at C. E. Pierce's Elephant Clothing Store, Front Street. The rush still continues for cheap clothing.

NEW YACHT.—Mr. R. M. Roy is building a five ton yacht (clinker built) which is expected to be a slipper in point of speed. It is said that she has already been christened.

COURT OF REVISION.—The Court held its final sitting for the hearing of appeals last night. Judgment will be given in all cases heard on Tuesday evening next, 14th inst.

POLICE.—The police had a quiet night, no prisoners and only one tramp in the cells. Merchants and others are being warned against obstructing the sidewalks with goods, boxes, barrels, &c.

SPORTING.—Up to Saturday last Messrs. J. C. Hayes, S. B. Burdett and W. H. Campbell, who are on sporting expedition in the backwoods, had had their deer. They are expected to return on Saturday night or Sunday.

THE WATER SUTTER.—Prof. Bell's lecture on the above subject has been printed, and copies can be obtained gratis from the Town Clerk. There is much information of great value contained in the lecture, which we will notice at greater length hereafter.

OLD PAINTING.—Very fine specimens of the artistic skill of Miss Bannister, instructress in the Fine Arts in Alexandra College, can be seen in the window of Messrs. Harrison's and Van Norman's stores. The work is exceedingly creditable to the lady in question.

THE SEASONS.—The difference so far between the fall season this year and that of last year is most marked, the weather being at present much milder than at date last year. The first sleighing in the winter of 1876 occurred on November 14th, and the harbor was frozen over on the night of the 17th.

ANNIVERSARY.—To-day is the 63rd anniversary of the battle of Chryler's Farm, which was fought on Nov. 10th, 1813. All patriotic Canadians, especially those who took part in the engagement (of whom a few are still alive) and those in whose youth the engagement took place, will no doubt celebrate the anniversary with spirit.

A SQUAD SEARCH.—A woman who was found by the police on Front Street yesterday afternoon at 2 o'clock and put into the full alley at 3 o'clock, for being drunk. This morning still slept without a sign of waking. The whiskey which she drank must have been of unusual strength, or the woman in question is entitled to the championship of the snore.

THE "PRINTER'S CABINET".—This, the most valuable of the "art preservative," is published quarterly in Chicago by S. P. Rounde. It is a pleasure for all who admire artistic printing to turn over the pages of this charmingly got up publication, in which the perfection of art seems to have been reached.

RETURNED.—John Newman, who was believed to have been lost on the Magpie Hunter on the 10th of October, and for whose body a reward of \$20 was offered, has returned home, to the great joy of his friends, who of course believed him dead. It appears that he was rusticated at Gananoque, and was unaware that his friends were anxious about his safety.

A HEAVY DRAIN.—A few days ago, a gentleman who was on a professional visit in Prince Edward, was the witness of a rather amusing occurrence. He met a farmer driving a good stout team of horses laden, in a wagon containing a large lot of household effects, proceeding in the opposite direction. The road was heavy, but the horses tugged and pulled a good deal harder than seemed necessary, and our friend enquired of the driver what was the reason. The answer was "he did not know"; but the questioner, proceeding to the rear part of the wagon, there found that the farmer had tied his cow to

the vehicle, that this very useful animal had fallen, unknown to her owner, and was being dragged along through the mud by the horse. No wonder that the horses found their task heavy.

SERMON ON TEMPERANCE.—At the request of the Women's Christian Temperance Association, the Rev. J. W. Burke will preach on "The Dangers of Intemperance" on the evening of Sabbath first, in the Town Hall.

McGOY'S ENTERTAINMENT.—A pictorial entertainment of more than usual merit was given before a full house in the Metropolitan Hall last night by the McGoys troupe. Daily, the two scenic artists were well received, his exhibition of his bag pipes on occasion of the party was particularly noteworthy. The pictorial part of the exhibition was exhibited through the medium of a magic lantern, the scenes were very good and elicited frequent applause. The closing scene of six allegorical views of the Book of Ages were highly appreciated.

GRAND JUNCTION RAILROAD.—The Napier Express says:—"The people of Belleville and County of Hastings appear fully determined to have this road built, notwithstanding the cold water thrown upon the scheme by so many misadventures and headstrong people in their midst. A lay-out prospectus has been issued, and is being circulated in Belleville on the 7th of December, and will doubtless be carried by a large majority. This road will open an outlet for the immense deposits of iron, as yet undeveloped in the northern part of the county, and give an impetus to the trade and prosperity of Belleville, to an extent far beyond conception."

BELOVED'S MONTHLY MAGAZINE.—Messrs. Belford Brothers, of Toronto, the well-known publishers, have issued the prospectus of a monthly magazine, to be called Belford's Monthly Magazine, the first issue of which will be made on November 22nd. From the prospectus, which appears in our advertising columns, it may be learned that the publication will be of a popular character, as the contents will be varied "from grand poetry," and as far as possible the product of Canadian talent, which each number will be illustrated. There seem to be fair prospects for the success of this character, and we feel assured that the publishers will do their best to make the publication acceptable. We trust that they will be heartily seconded by the reading public in this worthy effort to cultivate the field of Canadian literature.

Police Court.

(Before A. Diamond, Esq., P.M.)

INDICTED TO PRISON, NOV. 10.

THE case of Nelson vs. Drakewer was concluded to-day. Judgment will be given on Monday.

SMOKING is looked upon by many as a great evil, which it undoubtedly is, when carried to excess, and it is well known that even all smokers are liable to it. It is certain sooner or later to cause much suffering, and the best way to counteract the bad effects of tobacco in the system, is to keep the blood pure and healthy by using SMITH'S GREEN MOUNTAIN CURE.

BIRTH.

In Belleville, on the 9th inst., the wife of A. J. Diamond, of a daughter.

ON HER WEDDING-MORN. BY THE AUTHOR OF "LADY WYNTON'S DREAM," "REMEMBERED BY LOVE," "A WOMAN'S WAR," &c., &c.

PART I.—MRS. NEVILLE'S STORY. CONTINUED.

"Mrs. Neville," said the patient voice of May Smith, the housemaid, "I should be glad if you would see the lady. I have nothing with her."

"What is the matter, Mary?" asked. "Well, ma'am, I cannot please or satisfy her. She will not take anything the Doctor sends; and she finds fault with everything."

"I went, Lady Wynton was up and dressed, walking about the room with hurried steps, and seeming altogether in a very impatient frame of mind."

"I am very glad to see you—I am glad to see any one. This absurd person who is supposed to attend me annoys me very much."

"I loved quietly, making no answer. The quietness of my manner seemed to restrain her."

"Became some ridiculous country doctor has told this worthy woman that I am to be kept quiet, she refuses to answer me any questions."

"You are at River House," I replied; "and River House is near Daintree."

"To whom does River House belong?" she asked, more graciously.

Daily Intelligencer.

Belleville, Thursday, Nov. 16.

Town and Vicinity.

POLICE.—The policeman had a quiet night—no one in this morning.

LAID UP.—The steamer *Keweenaw* has been laid up for the winter at Napanee.

GRAIN MARKET.—The market was much lower today. Barley having dropped to 60c to 65c and Rye to 55c to 60c.

TO-MORROW.—Glad and dear Father Chiqui's lecture in the Ontario Hall to-night. Another opportunity to hear the Rev. gentleman may never occur.

CHURCH IN PICTON.—Rev. C. Chiqui is to deliver a Lecture in the Town Hall, Picton, to-morrow evening, under the auspices of L. O. L. No. 274.

MUTTON FOR ENGLAND.—The *Newport* reports that two consignments of that place have, as an experiment, shipped 75 head of sheep for the English market.

MAIZE.—The *Ontario* field is leading peak. She will clear out the storehouse here and at Trenton. The large *Chiqui* has cleared with 15,000 bushels of barley for Montreal.

POLICE COURT.—There was no business done in Court this morning. Several persons were summoned for violation of the Factory Act, but failing to appear their cases were laid over till Saturday.

YACHT BUILDING.—The *Colborne* says—(We understand Mr. Colborne has been engaged to build a 100 ft. standing keel yacht for Mr. J. S. Wallace. This and the team launch previously contracted for will keep him busy all winter.

VIEWING THE WORKS.—A party of gentlemen left this morning, bound for the vicinity of Morris Lake, where they will view the large shipbuilding works, and together with the bridges on the Belleville and North Hastings Railway, in that vicinity.

STAMPED ENVELOPE FOR CANADA.—It is announced that Canada is to have a stamped envelope, which is now in preparation, and will be ready for use about the beginning of 1877. The design will be as follows: In an oval frame will be the head of Queen Victoria, and it will be of the value of 3 cents.

DEATH OF HON. J. H. CAMPBELL.—A feeling of sorrow pervades the entire community, occasioned by the death of the Hon. John H. Campbell, Esq., of Belleville, who died at his residence in this morning. All of which goes to show that a prominent and steadfast politician, Mr. Campbell was exceedingly popular and deservedly respected by political opponents as well as friends.

CHLOE LEE ROBERTS.—Last night a clothes line, heavily freighted with underclothing, was stolen from the yard on the premises occupied by Mr. Spafford, of the firm of M. E. Robinson & Co. The thief had evidently been in a desperate hurry, as the line had been cut, and was carried off, with the clothes attached. No traces of the robber, but it is to be hoped that detection will ensue.

DISBURSERS IN COLONBY.—Says the *Express*: "A petty burglary is becoming an infirmity in Colborne. We have amongst us a gang of idle fellows who will neither work nor commit suicide, but who seem to think that their mission is to prey upon our woodpile and cellars, etc. Mrs. H. C. Casey's premises have been visited frequently of late, and only a few nights ago an attempt was made to break into the back door. This kind of business must be stopped, and the sooner the better."

HENRY ROBERTS.—A story is current in Colborne, says the *Express*, that while a ferry farmer was driving home one night last week, he was attacked by two armed men in the swamp this side of Catton. One caught the horses and the other demanded his money. Instead of the cash the farmer received a stunning blow from the heavy end of the sturdy yeoman's whip. The next thing in order was a bullet through the farmer's leg, and a general scramble ensued. The latter, dazed and bleeding, thought he had a special reason for doubting the correctness of the rumor, we give it without vouching for its genuineness.

"EPIDEMIC DISEASE."—This is the title of a Lecture delivered by Prof. J. H. of Albert University to a large audience at Belleville some time since, and which has been printed for circulation among the people by order of the Town Council. It is, without exception, the best treatise yet written on epidemic disease and their prevention in relation to the water supply of the Town of Belleville, that has ever been laid before the people. The Professor has devoted much time and labor from all parts of the globe, which cannot but convince the most obtuse that his views upon the prevention of epi-

The Power of Music in Battle.

From the time when the little chosen

band of Jericho, with their horns to the

spirit of the song, the blowing of the

trumpets, the swelling chorus of the

notes of the bugles, and the thrilling roll

of the drum have had their share in the

history of the world. In an army

without unity of sentiment and no unity

of action, is but a distracted mob. Mus-

ic unconsciously produces this unity of

sentiment. It strikes the same responsive

chord in every soul, and involuntarily the

movement of bodies of soldiers harmonizes

with the measured accents of the strain.

As bugle notes sound, and drums roll,

thousands move as one, and pour their

resources into the foe. Or as the strains

of some of our air float upon the breeze

the same images are called up in the

mind of each soldier, the same aspira-

tions are kindled, the same hope inspired,

the same enthusiasm is kindled. Thus music

organizes a real power, by combining and

directing towards one point the individual

abilities of a whole army.

But music has a higher power in war.

By its influence it can inspire the mind

of an army, and give it a new power.

It can inspire the mind of an army, and

give it a new power. It can inspire the

mind of an army, and give it a new

power. It can inspire the mind of an

army, and give it a new power. It can

BELLEVILLE, FRIDAY, NOV. 17.

Town and Vicinity.

Low.—The water in the river is below
 the highest water at this season, but it is
 slowly rising.

A NUCLEUS TENACITY.—The calls
 were fully occupied last night, eight trams
 and three prisoners having passed the
 night there.

LAST LOAD.—The Ontario Belle has
 been cleared for Oswego with a load of 9,000
 bushels of peas, which cargo was completed
 at Trenton. This is the last load of peas,
 which will leave the Bay this year.

BARLEY AT THE CENTENAL.—Mr.
 Joseph Pierson, of Amherstburg, has taken
 the highest prize in barley at the Centenal.
 His sample weighs 56 lbs., to the
 bushel, entitling him to the gold medal and
 \$45.

RECEPTION.—A very pleasant reunion took
 place last evening at Mr. Alex. Robertson's
 clothing store, "the wardrobe." It was a
 party got up by the employees of the es-
 tablishment, and reflected great credit on
 them. Dancing commenced about 9 o'clock
 and was kept up till the "wee sma' hours."
 It must be a source of pleasure to Mr.
 Robertson, to find such a good feeling ex-
 isting between employer and employees.
 The supper was excellent and toasts and
 songs were indulged in. We congratulate Mr.
 Robertson on the occasion. Mr. Garratt
 was the ruling spirit. Among those present
 was Mr. Peirce, of the "Elephant"
 clothing store.

ALBERT COLLEGE.—It affords us pleasure
 to be able to state, on the authority of
 Rev. Dr. James, President of the insti-
 tution in question, that the number of
 young men now attending Albert College
 exceeds that of any corresponding term
 for the last ten years. This evidence of
 property is very encouraging, and in the
 Board of Instruction of Albert College is
 now composed of very able instructors in
 all branches, whilst the terms are as low
 as those of any other institution of the
 kind in the Province, we hope that in the
 future the splendid opportunities which it
 offers, of securing through Collegiate
 education at rates that place that great
 benefit within the reach of all, will be still
 more largely taken advantage of.

DROWNED.—The Trenton Courier gives
 the following particulars of a case of drown-
 ing which occurred in that village on Satur-
 day night last:—About 7 p. m., and a
 Mr. Kinnear heard, as they were at the
 east end of the Bridge, a sound of a
 man struggling in the water, and calling
 out if he wanted help though he said yes.
 They then rushed to the spot, and found a
 man, a basket, and a bottle of whisky.
 Evidently the man, under the influence of
 liquor, had got out of the boat and was
 pulling it over the beam, on which it was
 fastened, and losing his balance fell
 into the water and was drowned. The
 drowned man is supposed to be a Mr. Mc-
 Donald, who, with a young man, was sell-
 ing fish in Trenton during the day. It ap-
 pears that at 5 o'clock they had the bottle
 filled with whisky, and about 7 o'clock, as
 they were starting home, the younger man
 went over the bay with another man, be-
 cause McDonald was quarrelsome, so says
 the young man, who came back to the
 shore. Several boats have been out drag-
 ging the river in hopes of finding the man,
 and obtaining the reward of \$20, offered
 for the recovery of the body.

EXCITING ENCOUNTER.—The Campbell-
 ford Herald gives the following account of
 an exciting encounter with a deer:—"Mr. O.
 Keller, who resides a few miles from this
 village, had a very dangerous fight with a
 deer, in South Lake a few weeks ago.
 The particulars are told us as follows: Mr.
 Keller was alone in a canoe on evening
 fishing, and had his gun with him. About
 midnight, however, he was surprised at the
 presence of a deer some distance from him,
 in the water, and grasping his gun, took
 aim, but his bowling piece having got wet
 in the canoe, he could not effect a shot.
 Putting on another cap, he again took aim,
 and this time, fired, but succeeded only in
 wounding him, a grain or two of shot hav-
 ing entered his horn. This enraged the
 deer, which directed his course to the canoe,
 and commenced a vicious attack on Mr.
 Keller, who was in the meantime prepared to
 meet him. Having only the paddle in his
 hands, he battered away at the animal's
 head in the hope of making him desert, but
 at length, after a long and desperate strug-
 gle, he was obliged to land. The battle
 lasted some hours, during which time Keller
 lost his knife and broke his paddle, but he
 managed however, all through the
 struggle to keep the deer at bay. At last
 after some hours the deer showed signs
 of exhaustion, and attempted to swim
 ashore, but Keller prevented him, and
 kept up a saving motion across the water
 and back, with the broken paddle, until he had
 lost all power of his hind limbs. This be-

ing effected, Keller dipped the deer's head
 under water, which he accomplished by
 repeatedly lifting him by the tail, and in
 this way drowned him. The fight lasted
 from about midnight till daylight next
 morning. The deer weighed 200 pounds
 and when dressed 228 pounds.

POLICE COURT.—The holding of court
 was deferred until 3 o'clock p. m.

GRAIN MARKET.—There was no change
 to note in the market to-day. Receipts
 were very small.

CURRY CHURCH.—Rev. J. R. Jones
 will preach in Trinity Church on Sunday
 afternoon at 3:30 o'clock. 2c.

TO BE REBUILT.—The yacht *Elle* which
 was to be hauled out on Mill Island this af-
 ternoon. She will be entirely rebuilt and
 remodelled during the winter, and next
 spring will be a new boat in all but the
 name.

LATE.—The midnight express was de-
 layed seven hours by the run-off of nine
 cars of a freight train between Whitty and
 Fort Hope last evening. The train was
 operated in delaying the mail from the west
 to day three hours.

The Grand Central Hotel, New York,
 "teaches the lesson of the times," by lead-
 ing a reduction of rates. It offers the same
 accommodations as heretofore, at a reduction
 from \$4.00 to \$2.25 and \$3.00 per day.

TO MICHIGAN.—Mr. Clarke, gas fitter,
 whilst engaged in tapping the Front Street
 main this morning, became overpowered
 by the fumes of the gas and fell senseless
 beneath its influence. His condition was
 very much pleased with the progress made
 in the neighborhood, where he received medical
 attention. It is not thought likely that
 any permanent injury will be the result
 of this overdose of coal gas.

NORTH HASTINGS RAILWAY.—The party
 of gentlemen who visited the works on the
 North Hastings Railway yesterday, were
 very much pleased with the progress made
 in face of the great difficulties encountered.
 After fully inspecting the most interesting
 points, they proceeded to Malton, where
 they were entertained to a sumptuous
 dinner at Messrs. H. & Co. The proceedings
 will be given in to-morrow's issue.

ENTERTAINMENT.—The entertainment
 given last Wednesday evening in the Stet-
 son school, in aid of a library fund, proved to
 be a most successful one. A full report of the
 proceedings began at 7 o'clock, but long
 before that hour the room was crowded to
 excess, not being able to obtain standing
 room. The children rendered their recita-
 tions, readings and singing in a manner that
 reflected great credit on themselves and
 teachers. Mr. Docter, trustee, occupied the
 chair and discharged his duties very credit-
 ably. We understand the proceeds amount-
 ed to close upon \$37.

CAPTURED.—The escape of thieves who
 commit depredations in our midst is an
 occurrence so generally looked for, that it
 is with some satisfaction that we record the
 capture of one of the robbers who, on Wed-
 nesday night, Mr. Spafford suspected where
 the goods had gone to, and having procured
 a search warrant, yesterday afternoon, pro-
 ceeded to the residence of the fugitive. He
 was found in the house, and was taken to
 a house in the Grove occupied by Mrs.
 Andrews Stewart, a widow whose son is, by
 any means an ornament to the town, was
 searched, and found that the search was
 likely to be a thorough one, the search
 was on a partition, and Holmes sus-
 pecting that this was meant as a signal to
 a confederate, slipped out of the room
 where they were, and just as he reached a
 back door he opened, and a fight with
 the fugitive ensued. The fugitive was

THE FENIAN BOARD.

POTENTIAL EXCITEMENT—MILITIA MOVEMENT.

NEWPORT, Vt., Nov. 18.—Last night

passengers on the South Eastern road from

the border of the United States, said there

was a great excitement and suspicion in

the minds of the people, and that there was

a meeting in the town at the Walden House.

Letters were read from prominent Irish patriots

offering pecuniary assistance, and all

in their power to get together a strong

body of men to carry out a movement

into the United States. The Canadian Govern-

ment has for days past had its volun-

teers in readiness for a contingency. St.

Albans seems to be the rendezvous.

FROM MONTREAL.

A GASTLY BARREL FULL.

A Young Woman Murdered.

MONTREAL, Nov. 18.—A horrible discovery

was made this morning on the arrival of the

steamer Montreal from Sorel. A man named

Emil Couture got off with a flour barrel,

which he tried to remove before paying the

freight. As he looked excited and was in a

great hurry, suspicions were aroused which

were increased when he said the barrel which

he had carried off was a barrel of flour.

On being opened it was found to contain

the body of a young woman, who had been

murdered. She had been packed in straw

and disinfectants. She had long

flowing black hair, braided, and her right eye

was smashed to a pulp, while a tinge of red

was perceptible about it. The spectacle was

most horrible and repulsive. Couture was

promptly arrested, and said he got the body

from an unknown man, a mile and a half back

of St. Francis. His explanation was very

satisfactory, and he was almost too fright-

ened to speak. The barrel was addressed to

W. F. Hart, Montreal. Couture said first he

was taking the body to his brother, and then

to a medical college. The grisly barrel

was then removed to the dead-house, and

autopsy will commence this afternoon.

A man who was with Couture when the cab

arrived to remove the barrel has fled.

MORNING DESPATCHES.

AMERICAN.

THE NEW CONGRESS.

ACTIVITY IN THE NAVY YARD.

NEW YORK, Nov. 18.—A Washington

despatch says: Although the opening of

Congress is only two weeks away, President

Grant, so far, has done nothing toward the

preparation of his annual message beyond re-

flecting upon it.

The despatch explains the activity in the

Brooklyn Navy yard, noted yesterday, by

the fact that orders have been issued to hasten

the completion of the new frigates, so that

they can be ready for sea by March. Five

hundred men are now employed on this vessel.

A special despatch to the Times from Bos-

ton says: Despatches from Montpelier, Vt.,

indicate that a determined effort is to be

made to obtain a Democratic election in place

of postmaster Solace, and an elaborate scheme

has been concerted.

WIT AND HUMOR.

I was asked by my pastor if he thought

the following Scriptural passage was

Charge of High-handed Out-

rage against the S. C. Re-

turning Board.

TWEED AT QUARANTINE.

CANVASSING BOARD ADJOURNED.

COMPLETING TIME-EXPIRE.

COLUMBIA, S. C., Nov. 22.—Wm. Hamp-

ton has been an ally to the people of

South Carolina in which the action of the

Returning Board is called a high-handed out-

rage against the S. C. Returning Board.

WELL-CALCULATED TO CAUSE THE INDIGNATION

OF OUR SUFFERING PEOPLE. But he assures

them that it can have no legal force whatever,

and he appeals to them that they will main-

tain their character as orderly and law-abid-

ing citizens.

NEW YORK, Nov. 23.—The U. S. steamer

Providence, with Tweed on board, has been

signalled, and is expected to arrive at Quar-

antine about noon.

The Times' special from Columbia, S. C.,

says the Board of Canvassers have passed their

action of adjournment yesterday upon the

law of the State, which requires the Board to

complete their work as State Canvassers

within ten days of the time they commence

their session. The time expired at noon yester-

day.

The Times says the certificate of election

was issued by the clerk of the Court was

served upon the Board.

The World's correspondent interviewed

Gov. Chamberlain, who says that the Board

did only duty by certifying to the election

of Hayes and Wheeler; and in throwing

out the counties of Edgefield and Laurens.

The Governor does not admit the power of

the Board during the time of its existence,

and is certain that the Court has no power

to extend that time. He also insists that the

Board has not been guilty of contempt, be-

cause the work in all its proceedings has not

been restraining order on the Board.

Daily Intelligencer.

BELLEVILLE, SATURDAY, NOV. 25.

Town and Vicinity.

The Cells.—Three vagrants sheltered
in the cells last night.

POLICE COURT.—Another "clean sheet"
to-day—no business.

TOWN COUNCIL.—A regular meeting of
the Town Council will be held on Monday
night.

CHURCH.—Rev. J. R. Jones will preach
in Christ Church on Sunday morning at
10 o'clock.

TEA MEETING.—The annual tea meeting
will be held in the Belleville Street Church
on Wednesday evening next. Tea served from
6 to 8 o'clock p. m.

QUICK DISPATCH.—The London Herald
of the 22nd says: "The Belleville Intelli-
gencer of last (Tuesday) evening reached
this office at 8 o'clock this morning. How's
that for 'fast mail'?"

SKATING RINK.—Mr. Thomas Bonner has
erected, on the east side of Pinnacle street
near the market, a commodious building to
be used as a skating rink, which will be
opened as soon as cold weather sets in.

TEMPERANCE.—At the request of the
Woman's Temperance Association, Rev.
T. H. Cullen will preach to-morrow, in
the Blocker Street Church, a special
sermon on Temperance.

THE WEATHER.—To-day has been decid-
edly the most wintry day of the season.
Snow has fallen more freely than previ-
ously, and the sky bears a look as if the clouds
contained an ample supply of "the beautiful."

THE HOLMANS.—This well-known and
popular opera company, which has been
more completely organized than ever be-
fore, will appear in the Metropolitan Hall
on Friday and Saturday evenings next.
The opera to be produced are the "Princess
of Termonade" (first time here) and the
ever welcome "Fra Diavolo."

PERSONAL.—Prof. J. T. Watson has
returned to town after a fortnight's visit
to the institutions at Northampton, Mass.,
Boston and New York, whether he went
by direction of the Government, to inspect
the system of teaching articulation practised
in those institutions.

THE MARKET.—Although the weather
was unfavorable, there was a very large
attendance on the market this morning,
where being fully occupied by farmer's wag-
ons, so the interior of the market was
largely made up of buyers. Prices
were without change.

ST. ANDREW'S DAY.—Our Scottish fel-
low-citizens will celebrate the anniversary
of St. Andrew, which will occur Thursday
next, in the usual enthusiastic manner.
In the afternoon they will proceed to St.
Andrew's Church, where the annual ser-
mon will be preached, and in the evening a
grand ball will take place in the Ontario
Hall.

HOPE FOR ENGLAND.—The Picton
Gazette says:—"Messrs. Thos. Shanton and
Richard Lake, recently shipped a consignment
of nearly 100 bales of hops to Eng-
land via New York. There is a great de-
mand for hops in England and Germany,
the crop in those places being deficient.
We trust the speculation may prove a pro-
fitable one."

WEIGHTS AND MEASURES.—Mr. John P.
McDonald, Deputy Inspector of Weights
and Measures for this district, gives notice
of an advertising column in the Picton
Gazette, in which he has been found
using other than the Imperial stand-
ard weights and measures, otherwise than
on special contract, on or after December
15th, will be prosecuted according to law.
Let all interested take heed.

PUBLIC MEETING.—A public meeting
under the auspices of the Belleville Me-
chanics' Institute and Library Association,
will be held in the Town Hall on
Tuesday evening. We hope to see a
large attendance, especially of the me-
chanics of the town, for whose especial
benefit the institution has been organized. A
large and enthusiastic gathering will greatly
encourage the gentlemen who have so lib-
erally given their time and means to forward
this most desirable enterprise, which,
if supported as it should be, will be a strong
power for good in the town.

FOR ANTIZELAND.—Among the Canadian
people it is to be noted by the next
Government steamer from Montreal in the spring,
will be a number of cases of British
Rheumatic Abscession. That the British
find they do not meet with success.
Hundreds of people have been relieved
from life-long suffering by the use of the
person once using them will never be with-
out them. They are for sale by nearly all
druggists.

CORRECTION.—McQuillan, the
wife murderer, was taken to Kingston yester-
day by Deputy Sheriff Taylor, and safely
lodged in the Penitentiary.

INSPECTION.—The Trenton Garrison Bat-
tery of Artillery was inspected this morning
by Lieut. Col. Worsley, Brigade Major, and
Lieut. Col. Irwin. The latter turned out
full strength, and the men were highly com-
plimented for their proficiency in drill by
the inspecting officers.

LEGAL.—The following local matters were
before the Courts in Toronto on the 24th:
BRACE v. LAZARUS. Mr. C. H. Clark showed
cause to a rule nisi for a new trial. Mr. Wal-
bridge, Q. C. contra. Reserved. RE ARON-
SON v. MR. G. D. DICKSON obtained a rule
Owing on the attorney to show cause why
he should not pay over money collected by
him for a client.

MONTANA FISHING WHEAT.—Hon. Robt.
Read has shown us a specimen of Red River
spring wheat, which closely resembles
the fine wheat grown here, and may be
considered a very fair sample. As wheat
growing has, to use a phrase more expres-
sive than polite, become "played out" in
this section of the Dominion, it is a matter
worthy of consideration whether a change
of seed would not be effective in making
what growing once more profitable to our
farmers. In such case, the fine grain of the
Red River country, the proven product of an
invaluable value, as the latitude and longitude
of the place of its production are very different
from those of the County of Hastings. We
understand that a large quantity of this
grain has been imported into Ontario for
seed purposes.

ONCE-AGAIN ENTERTAINMENT.—The new
Hall of the I. O. O. F. in Robertson's
block, was opened last night with a musical
and literary entertainment of superior
merit, in the presence of a highly appreci-
ative audience which filled the Hall to
overflowing. The chair was occupied by
Dr. Tracy and seated on the platform were
Messrs. James Brown, M. P., and James
Glass, Esq., Dr. Palmer, and Thos. G.
Carson, District Deputy Grand Master. The
programme embraced readings by
Messrs. James Brown, W. Carmichael
Jacob Wilson, and Rev. S. P. Ross, all of
whom acquitted themselves admirably.
The vocalists were Messrs. Fanning
O'Connell, Mr. Ellis, Mr. Tracy, and
Messrs. D. Price, J. H. Ellis, R. Costello
Dr. Palmer and A. Dano, whose vocal efforts
were highly pleasing, and quite up to their
usual high standard of excellence. At the
conclusion of the programme a few suitable
remarks were made by Dr. Palmer. The
Brethren are to be congratulated on the
great success of the entertainment.

cuse accepted in court.

should remember that it is against the by-
law and also an outrage upon common
sense.

Are you a Bankrupt?
Reader, this is not an impertinence; it
is not trying to pry into your private af-

are you a bankrupt in health, and a sufferer

White Swellings, or any other skin disease
arising from impure blood? If so,
use WINSTON'S BLOOD PURIFIER.

It is a strong recommendation
and usefulness of the Cocaine that it has
a host of imitators. Consumers will do well
to be on their guard. "Baker's" is the only

little care is used. This article of imita-

mendations.

MORNING DISPATCHES.

EUROPEAN.

LONDON, Nov. 25.—A despatch to the Times

from Argos announces that Dr. Schliemann
while excavating at the supposed site of the
tomb of Agamemnon and Cassandra, has dis-
covered immense subterranean chambers or
tombs containing a great variety of gold and
silver plate and jewellery.

AMERICAN.

THE TWEED RING FRAUDS.

Confession of Woodward.

REDUCTION OF STATE DEBT.

AFFAIRS IN SOUTH CAROLINA.

TWO GOVERNORS AND TWO

LEGISLATURES.

FIRE IN NEWARK.

NEW YORK, Nov. 25.—The Tribune says
Robert A. Woodward, Clerk of the Board of
Superiority during the Tweed ring days, who
was recently arrested in Chicago, has turned
State's evidence and made a full confession
of the entire transactions of the ring, not only
in relation to frauds in building the court
house, but in fraudulent elections as well. It
is known that his testimony will be accepted
by the prosecuting counsel. His revelations
will involve many high officials as well as
Democratic officials, and the particulars of
the dividends of the fund raised in the court
house frauds will involve scores of persons
who have been hitherto unconnected. Wood-
ward, as manager of the "pool," was intrust-
ed with the custody of all the checks which
passed between all the conspirators, and these
he has carefully preserved. The odds of more
than one witness in past trials, that no
such check had ever existed will fall to the
ground when Woodward takes the stand in
court. The Tribune's Albany correspondent
says that the comptroller's report will show that
the State debt has been reduced during the fiscal
year ending Sept. 30th, \$5,000,000 and this,
it will, without hampering payment of cur-
rent expenses of the State in any way
or leaving any deficiencies to be made
up hereafter. The county debt can be fully
extinguished at maturity in April 1877.

The Herald's Washington correspondent
says information was laid before the Cabinet
meeting yesterday that in all likelihood two
distinct legislative bodies will meet at Colum-
bia, S. C., next week, each of which will
be intended to inaugurate a Governor. The Re-
publican members of the Legislature, to
whom certificates of election have been issued
by the Board of Canvassers, will constitute
one body, and will inaugurate Chamberlain.
The Democratic members who have re-
ceived certificates, together with the Demo-
cratic members from the Laurens and Edge-
dale Districts, will constitute the other body,
the canvassers, will, it is conjectured, meet
and inaugurate Hampton. It was understood
in the Cabinet that the relative attitude of
Governor Chamberlain and the President would
not be changed, and that the President would
exercise on behalf of the Government the
good offices which he extended last month.

NEWARK, N. J., Nov. 25.—A fire broke
out at 11:15 this morning in the extension
of the Newark and Jersey City Railroad, be-
tween the Newark and Jersey City stations,
and caused the destruction of a large
quantity of freight and passenger cars, and
the building was a total loss.

AFTERNOON DISPATCHES.

NEW YORK, Nov. 25.—It is announced
that the Erie Railroad Company intend to
bring a suit against the Lake Shore Company,
for the purpose of compelling the latter com-
pany to place the Erie on an equal footing
with the Lake Shore.

Arrived, the steamship Adriatic, from
Liverpool.

Hudson, N. Y., Nov. 25.—A train on the
Hudson Railroad, yesterday afternoon struck
two teams named James Daly and John
Mack, of Brooklyn, who were walking on the
track, near Chatham village, fatally injuring
both.

St. Petersburg, Nov. 25th.—An Imperial
ukase has been promulgated, providing that
after the first of January next, customs duties
shall be payable in gold or coupons negotiable
at the rate of 100 rubles for 100 roubles
of the old currency, and that the same shall
be received in full payment for all duties
payable by citizens of the Empire, and for the
daily delivery of merchandise, where inter-
fered with by circumstances beyond their con-
trol.

CALCUTTA, Nov. 25.—The official Gazette
publishes a minute of Sir Richard Temple,
Lieut. Governor of Bengal, giving the result
of his visit to the districts of South-Eastern
Bengal, which were devastated by the late
cyclone. The minute confirms the previous
estimate that 221,000 persons perished in the
cyclone.

CINCINNATI, S. C., Nov. 25.—The Supreme
Court has just entered a judgment of \$1,000
fine each, and commitment of all members of
the Board of Canvassers to jail until released
by order of the Court, for obstructing justice
in the case against T. D. District
Attorney Corbin, Counsel of the Board, for
contempt. There is considerable suppressed
excitement.

VIENNA, Nov. 25.—The Marquis de Salis-
bury had an interview with Count Andriasy
to-day, and was afterwards received by the
Emperor Francis Joseph. The Marquis leaves
Vienna on Monday the 27th inst.

Memphis, Tenn., Nov. 25.—Commodore
Paul Shiras of the United States Navy, dis-
tinguished by his services in the Mexican war,

The Old Log House.

There's an old log house on my father's farm.

Not a sound of mirth is ever heard now.

In the old log house on the hill.

But family I think of the bygone days.

Where with brother and sister I grew.

Not a happier home, in the country around.

Could be found, either far or near.

But my brother built another house.

And my brother and sister are gone.

And the old log house is deserted now.

And seldom with a mirthful note.

The rabbit and squirrel play hide-and-seek

With mice over the oaken floor.

But they quickly find a hasty retreat

When the owl flies at the door.

The "twittering swallow" now builds its nest

On the rafters, waiting to decay.

And the robin and sparrow have made their

home on the logs for many a day.

The little room, where my brother and I

Often listened to the wind whistling will.

Open now to the land and the lake.

And they come here without fear of ill.

But poor will is missed, for his nightly rest

On the apple tree near the door.

For some one to come there to answer him back.

As we've done a thousand times over.

The primrose bloom unscarred for now.

And the "blue-eyed violet" is low.

And the cottage rose, that my sister loved.

Climbs at last in the casement low.

As if it would ask, "Where are they all gone

That used once to come and to love

Us poor ones, neglected now.

In the weak weeds that 'er us now.

But the friendly vine, on the old black logs,

Still clings there, loving and true.

And if it would hide the marks of decay

From the passing traveler's view.

Oh, my heart still clings to the dear old home

And the times of my childhood there.

And if I could hide the marks of decay

From the passing traveler's view.

Oh, my heart still clings to the dear old home

And the times of my childhood there.

CHAPTER XIII.

The Countess of Evington had a beautiful

villa on the banks of the Thames. She

delighted in spending part of her time

there, surrounded by the very flower of

London society. She invited "The Queen

of the Season," without whom no assem-
bly was complete.

On the morning after the arrival, Miss

Ashton, tempted by the beauty of the

grounds, rose early and went out. She

held many fair mornings for her, but

none like the day of the 26th. The sun

was shining brightly; great clusters of

roses trembled in the breeze; clover coun-
tries and poppies were in full bloom.

She had been to a river, local and calm,
and had seen the water lilies in full

blow. The water lilies, she had seen
them in full bloom. The water lilies, she

Central. Notwithstanding all that had happened, the Commission perfectly prepared itself out through hard labor of the day. The Board were quite united in their views, and nothing more than any reasonable terms to make peace with the Government, and all other companies, and they would have no claims returned to achieve the object. (Cheers.) He begged to say that the report and account be adopted.

RELEVILLE, TUESDAY, NOV. 28.

WHAT IS IT?

When preparing, in 1877, to go to the country, in opposition to the Government of Sir John A. Macdonald, the Grit party met in solemn convocation in Toronto, and formally adopted a "platform" or policy, on which to appear to the people of the country. One "platform" of that platform reads as follows:

"Resolved, That coalitions of opposing political parties for ordinary administrative purposes inevitably result in the abandonment of principle by one or both parties to the compromise, the lowering of the moral standard, the expenditure of money, and the corruption of the people of Upper Canada which is formed and maintained by a coalition of public men holding opposing political opinions."

On assuming office Mr. Mackenzie deliberately violated this cardinal principle of his party by taking into his Cabinet two gentlemen whose Conservatism and consequent hostility to Grit principles of principle was beyond a doubt, besides several other "house full" of Conservatives.

Great excitement exists in South Carolina as to the result of the meeting of the Legislature to-day. It is stated that United States troops will be posted at all other companies, and they would have no claims returned to achieve the object. (Cheers.) Daily Intelligencer.

BELEVVILLE, THURSDAY, NOV. 30.

Town and Vicinity.

TO-NIGHT.—Old Wagon's minutes will appear in the Metropolitan Hall to-night.

TELEGRAPHIC.—No American despatches to date, this being Thanksgiving Day in the United States.

HASTINGS RIFLE ASSOCIATION.—A meeting of this Association will be held at Hanson's to-morrow evening.

THE CELLS.—Five turpentine sailors had a warm situation in the cells last night, whilst at home was chilly.

INTERVIEW SESSIONS.—The case of Sinfleur v. Harris was concluded yesterday afternoon before Judge Lacombe, who reserved judgment until to-morrow. C. J. H. Flint for Crown; J. B. Flint for prisoner.

TEA MEETING.—The annual tea meeting was held very successfully in the Blocker Street Church last night, the attendance being large and the speeches delivered of an excellent character.

CANADIAN ALMANAC.—We have to thank Mr. Harrison for a copy of this exceedingly useful standard publication, which seems to increase in usefulness from year to year. Copies can be obtained at Harrison's book store.

A SNEAKERS.—The members of the various lodges of the I. O. O. F. in the town are summoned to meet at their hall at 1 o'clock p. m. to-morrow for the purpose of attending the funeral of their late brother John Templeton.

POLICE.—The Market and Police Committee met last night, and considered several matters of the force on certain matters which they wished to investigate before taking any action.

THE 2ND REG'T.—The Belleville Recorder of the 29th says: "Mr. Robert Irish, hailing from Belleville, one of the most notable soldiers who has ever visited our town, appeared at the Police Court this morning, to answer to a charge of obtaining money under false pretences, preferred by Mr. Neil McCreary. Who is this Mr. Robert Irish? We don't know him, at least by the name he now passes under."

ROBERTSON HUNT.—Messrs. E. Harrison, J. Newberry and T. Meyers left town two weeks ago bound for the back country on a deer hunting expedition. They hunted in the Township of Montague, and Mr. Harrison having secured two deer and Mr. Meyers one, these gentlemen started for home and arrived here yesterday. Mr. Newberry returned behind determined to kill a deer before returning, and this he doubtless would do long, as he is an experienced hunter.

ALBERT COLLEGE.—Mr. J. G. Robinson, Treasurer of Albert College, is proceeding with characteristic vigor the work of securing an endowment fund of \$50,000 for the institution which he represents. Mr. Robinson, who has just returned from a canvass four in the western section of the Province, informs us that the fund now reaches \$40,000. We congratulate the gentleman on his success so far, and trust that he will succeed, at an early day, in realizing the great object of placing Albert College in the position which he desires to see it.

WHO SHALL DECIDE.—Not long since the medical world learned the public that there was great danger in using brass or copper cooking utensils, especially when acid fruit was to be treated, and advised that nothing but porcelain-lined utensils should be used in such cases. But now the Popular Science Monthly, on the authority of some eminent chemist, asserts that the porcelain-lined articles are themselves dangerous, the porcelain containing violent poisons which dissolve by contact with the acids.

EXTENSION.—We learn that it is the intention of the Geo. County to extend their service to the Grand Trunk Railway Station next spring, by way of Mill and Railway Station Streets. This work has been in contemplation for two years past, but the great expense attendant upon the undertaking caused it to be deferred. It is pleasing however, to observe that the Company is now in a position to carry out this very desirable work, which will prove not only of profit to themselves but of great convenience to the people residing on the streets upon which the pipes will be laid. Doubtless further extensions of the system will grow out of the extension of the work in question, and ere long the service will be extended to all parts of the town.

SEVENTH GRADE.—A day or two ago, a boy on Taylor's Hill was summoned to her front porch by the ringing of the hall bell. Upon opening the door, she was accosted by a fine fair complexioned female, with the enquiring, "Do you know where a girl's?" "Yes," she replied, "you want a girl?" "Yes," she replied, "after a lady questions as to the number in family, the con-

POLICE COURT.

(Before A. Diamond, Esq., P. M.)

THURSDAY, NOV. 30, 1876.

The prisoner, Andrew Stuart, was brought up on remand, and was discharged on account of ill health. His evidence in the case was done in the case of the recalcitrant witness, Desballe.

Seasonable Topics.

This is the season of short days and long nights.

Snowshoes are once more in the market.

It is singular that the more you dig the arder of a troublesome talker, by throwing cold water on his effusions, the more he tries to pour. Try this on some of the candidates for Town Council.

Zinc that is used under stores should never be damaged.

It is with a flannel and a little fresh lard. In this way it will always look as new and bright as when first purchased. So says somebody who professes to know all about it.

Snowshoes are once more in the market.

A substitute for the postal card that is being considered by the Post Office Department, is a stamped sheet (about note-paper size) with a gummed edge, to serve as both paper and envelope, and to cost two cents.

The experiment of trying to crowd one of those broad sheets of fashionable make into an ordinary overcoat, cannot long be delayed.

Commence to cultivate an acquaintance with your neighbor's snow shovel, for the indications are that you will soon want to borrow it.

The time is approaching when a second hand refrigerator can be bought cheap.

The annual season for slippery sidewalks has arrived, and citizens can now dispose of their sahos, without fear or trembling!

The County Court and General Sessions, will be held on Tuesday, the 12th day of December next, at the Court House.

Special Telegrams.

FROM QUEBEC.

QUEBEC, Nov. 30.—A carrier named McCullough received severe injuries by being thrown against a wall in endeavoring to stop his runaway horse.

A veteran of the war of 1812 named Jos. Gravel died at Chateau Richer a few days ago.

The Episcopal Church in this city and diocese are holding harvest thanksgiving services to-day.

The polling takes place in Montmagny County to-day for the election of a member to the Local House.

A steamer, supposed to be the *George Watson*, from Collingwood, was taken to Sydney, C.B., was wrecked at Cape Chatte on the 21st inst. Crew saved.

Several cases of attempted larceny were discovered on Tuesday at Point Levis, near the Grand Trunk Depot. The fire was laid in each case in open day light to a quantity of timber belonging to the Bureau of L. & C. A strict investigation is being made into the affair.

FROM MONTREAL.

MONTREAL, Nov. 30.—The liabilities of Messrs. Schmitz, Reinhardt & Co. amount to \$112,964.25. The largest creditors are the Bank of Montreal, \$45,000; the Bank of Canada, \$14,000. Both claims are fully secured.

A gentleman crossed on the ice from the Montreal wharf at 10 o'clock to one of the islands there yesterday.

Today being St. Andrew's day, no processions take place, but preparations for the ball this evening are complete.

The D. G. and old officers of the first brigade division here, appear in uniform. The Water Police, to-day, presented Judge Corbett with an address on the occasion of the termination of his office as Dominion Commissioner of police.

A Pullman Car conductor, Maxham, fell off the platform of the last car belonging to No. 3 going east yesterday, whilst passing through Victoria Bridge, and narrowly escaped being run over by the train which usually follows in quick succession. He overtook his own train at St. John's, not much the worse.

The severest frost of the season made its mark this morning on the river, causing steam boats and river men generally to seek winter quarters. The mail boats have all stopped and land route service comes into operation to-day.

This morning Arthur B. Glass, aged 27, Teller of the Montreal Bank, was arrested for embezzling \$15,000 from the bank. He was in company with Thos. J. Joy, the assistant accountant, to make a big haul and leave the city, when their irregularities in their cash were discovered, and both are now under arrest. Both are respectably connected. Some of the money will be recovered. The affair causes a great sensation in social circles.

Two cases of smallpox, heavily infected, were taken to the hospital yesterday. The patients were taken from the bank to get margin at stock, then they stole from the bank to get more margin. The bank expects to lose nothing, getting \$10,000 from the Montreal company and \$5,000 left with Glass & Joy's brokers.

W. Tierney, of Smith street, cut his throat last evening with a Smith. He lies in a critical condition.

"Oh, I've loved before!" said a Detroit woman to her fourth husband, as she took a handful of hair from his head because a wedding minister told her that she was not married.

Lady (to waiter). "Don't put that ice into the goblet with your fingers."

"Gracious, madam, I don't mind; my hands are very warm."

"My dear Mary, I said to an Irishman to find a friend, 'Why did you betray that secret to him?'"

"It is in a letter that you call it."

"Why, I don't want to tell it to some one who could keep it!"

THE MOST POWERFUL REMEDY OF MODERN TIMES.

Benson's Caprine Potent Pills.

For thirty years there has been no medicine to cure the various diseases of the male sex, such as Gonorrhea, Syphilis, etc., in their slow action. The invention of Benson's Caprine Potent Pills, however, has been a great boon to the human race, and has positively cured thousands of cases, which other more powerful, but more dangerous, remedies require days and weeks of continuous use to obtain relief.

Their action is more vigorous than electricity, and is powerful as a blood purifier. They do not blister, are purely vegetable in composition, and contain no metallic or mineral poisons. Their efficacy is founded upon their great activity.
